

Our Mission

To raise community awareness and funding in support of Hudson Valley Hospice's mission to enhance the quality of living for those at the end of life.

Make a Difference!

For more than 35 years, Hudson Valley Hospice has attended to the needs of patients and their loved ones, maintaining their dignity, enhancing their quality of life and supporting their loved ones.

By supporting the Princess Tea Party, you can make a difference in the lives of the children of Dutchess and Ulster Counties who are facing life limiting illnesses of themselves or a loved one. Please help us help our children.

Be a Part of Something Extraordinary!

Sponsor. Donate. Attend!

Make a Difference!

2020 Princess Tea Party Committee

Heather Cimorelli, Maureen Kangas,
Kim Kenyon, Sally Murphy, Erin Prunty,
Margaret Qatani, and Lisa Wilson

Last year's Princess Tea Party was an extraordinary success with over 300 princesses and their royal attendants joining us at our Royal Hotelier, The Poughkeepsie Grand Hotel. Once again, we have a fabulous afternoon planned for Sunday, April 26th at 1:00 pm, including our royal shopping mecca, beautiful princesses in specially designated areas just waiting for our guests to come have their autograph books signed, two crafts for each child to make and take home, face and nail painting, Hudson Valley Photo's always amazing photobooth, lunch and treats, dancing, raffles and more. We hope that you will consider sponsoring or donating an experience or item to this wonderful event for little girls ages 4-12 and their moms, grandmothers, aunts and friends. What a great audience for your business!

All proceeds from the Princess Tea Party will be used to fund children's programs and services. Hudson Valley Hospice offers specially tailored individual and group grief and bereavement services for children who have suffered the loss of a loved one and programs and services for children with potentially life limiting illnesses. Did you know that unlike adults, curative care can be simultaneously sought for children ages 21 and under while they are on hospice, allowing the child and their loved ones to be supported by our specially trained nurses, social workers, chaplains, music therapists, complementary therapists such as pet and art and a corps of volunteers while they continue to seek a cure.
